An annuity can reduce your tax liability and improve your cash flow.

HOW DOES IT WORK?

You make a gift of cash, appreciated assets, or property to Faith Foundation. In return, the Foundation makes fixed payments -- to you, you and a loved one, or another person -- for life. The amount of each payment will depend on the age of each recipient at the beginning of the annuity's term. These payments will never change, no matter what happens with interest rates or the stock market.

At the end of the last recipient's lifetime, after all payments have been made, Faith Foundation passes the remaining value of your gift to your faith community to support the ministries you love.

TAX BENEFITS

Depending upon your gift, you may receive the added benefit of mostly tax-free payments. You will also receive a charitable deduction in the year that you set up the gift annuity.

HOW DO I KNOW MY GIFT IS SECURE?

A gift annuity is secure and stable because your payments are backed by all of Faith Foundation's assets. When you fund a charitable gift annuity, the Foundation's promise to pay you is supported by:

- a **RESERVE ACCOUNT**, in accordance with state law, that ensures sufficient funds to make every payment;
- strong **POLICY** which limits risk and encourages age diversification of annuitants;
- and professional **AUDITING** annually, plus an audit by the Washington State Insurance Commissioner's Office every four years.

Faith Foundation uses the rates and follows the best practices published by the American Council on Gift Annuities. See the back panel of this brochure for sample rates, and then call the Foundation to get a quote for your specific situation.
